Live sound
Event planning and logistics
Guitar

OBJECTIVE

Seeking a summer internship in live event audio production or recording that will expand my knowledge in audio and best utilize my live event production experience from Sweetwater and my leadership, planning and logistical experience from my on-campus labor position as an event production manager.

EXPERIENCE

Event Production Manager, Berea College, Berea, KY **August 2018 - Present**

Leading and empowering a 12 person student crew in handling AV production of all events on campus. Recently also taken over planning, logistics and production (FOH and Monitors) of large scale concerts that were previously outsourced to external production companies.

Live Production Intern, Sweetwater Sound Inc., Fort Wayne, Indiana **May 2018 - August 2018**

Interned in the production crew of the largest musical instrument and pro-audio online retailer in the United States.

- Assisted in productions for renowned artists and audio engineers including Yngwie Malmsteen, Greg Koch, Neil Zaza, Rich Chycki and Misha Mansoor.
- Learned miking techniques, PA setup, lighting setup, mixing front-of-house and monitors etc.

Media Specialist, Berea College, Berea, KY **August 2017 - April 2018**

Produced, directed, audio-engineered and took on various others roles including lighting tech, camera op and stage manager. Also planned logistics and other details for events on campus and trained techs on equipment.

Media Technician, Berea College, Berea, KY. **August 2016 - July 2017**

Shadowed senior techs in various roles in productions and learned how to operate AV equipment.

EDUCATION
